

The Kingdom's First

ART BAHRAIN

Hosting World-class Art under one roof.

Artwork by Abbas Al Mosawi. Image Courtesy ARTDIVANO

The year 2014 was declared 'Our Year of Art' on the island and in 2013, Manama was chosen as the Arab Capital of Tourism. These commendable initiatives coupled with international events like the Formula 1 race have put Bahrain firmly on the global canvas.

Now, the country joins the art world in big way with the first of many to come, Art Bahrain – a celebration of history and culture rooted in creative expression. Designed to showcase local artistic excellence, this unique event aims to synergise Bahrain's art industry. Art Bahrain will bring the finest international art home, hosting diverse artists from across the globe while promoting indigenous talent.

Who will participate?

The participant list includes the cream of the local and international art industry, art galleries and collectors, providing a collaborative platform that will bring together all stakeholders and work towards promoting artists, trading and creating networking opportunities in the region. Art Bahrain seeks to provide artists a stage to synergise, interact, learn, develop and grow towards motivating a large audience to the arts.

Where will it be hosted?

Art Bahrain will be housed at the Bahrain Bay, in a grand marquee, 50-meters in diameter, featuring artists, pavilions, galleries, and a lifestyle section with a lounge. It will cover everything from classic acrylic to sculpture and digital photography to new age installation. There will also be a series of interactive workshops, keynote presentations by artists and curators and art historians.
